Travel Vaccinations Prices

Please contact the practice six to eight weeks before travel

Following a travel consultation with the nurse, vaccinations will be recommended depending on your individual needs. Please leave adequate time before departure for this to be done – usually about **six to eight weeks**.

Hepatitis A / Hepatitis A Junior / Typhoid / Diphtheria / Tetanus / Polio	NHS
Private prescription of anti-malarial medication / Chicken Pox etc...	£20
Hepatitis B	£150 course of 3
Hepatitis B	£60 (booster)
Yellow Fever (Including International Certificate)*	£80

Also Private Prescriptions may be issued for some vaccines that are not stocked at the surgery. **

- Tick Borne Encephalitis)
- Meningitis ACWY) £60 per injection administered (includes private script)
- Japanese Encephalitis)
- Rabies £70 per injection administered (includes private script)

* Replacement Certificates (if original vaccination was done here) or exemption certificates are £20

** The nurse will advise whether these are recommended which may involve a course of vaccinations. They are obtainable with your private prescription at the pharmacy where you pay for the cost of these separately from any surgery charges.

PLEASE NOTE – ALL PAYMENT IS DUE IN ADVANCE
